THE POWER OF MATCHA

HealthTrim® Matcha Vegan Shake takes exclusive, premium, ceremonial matcha green tea leaves and combines them with sacha inchi and chlorella for a nutritious drink that helps support weight management and sustained energy.

- Contains 19-20 grams of protein per serving
- Helps minimize appetite and support energy
- Naturally supports metabolism
- Helps support blood sugar levels already in normal range
- Vegan

MATCHA PROTEIN SHAKE

This plant-based vegan shake makes a great meal replacement or nourishing snack and boasts a delicious, nutty taste. Unique ingredients include sacha inchi, which contains omega fatty acids and all essential amino acids for sustained energy, and chlorella, a great source of nutrients and antioxidant-rich chlorophyll. Naturally-occurring theanine, an amino acid in matcha, helps elevate mood and reduce stress.*

SERVE UP SOME GREEN

- Add one packet to 8 fl. oz. of purified water or milk substitute and blend well.
- Replace up to two meals a day and use in conjunction with the entire HealthTrim® product line to help support your weight management goals.

**GLUTEN FREE, SOY FREE,
VEGAN, DAIRY FREE, NON-GMO**

6 packets GP00351
12 packets GP00352
14 serving bag GP00354

REDEFINING YOUR GREEN TEA EXPERIENCE

- Our premium-quality matcha is used traditionally in Japanese tea ceremonies. It is highly regarded for the way in which it is grown. The plants are meticulously covered one month before harvest time, blocking 90% of sunlight.
- Unlike regular green tea, matcha is grown in the shade, boosting the antioxidant content in the form of chlorophyll.
- Our tea leaves are then steamed and dried after harvesting and stone-ground into a very fine powder.
- An independent study has shown that matcha has over 100 times more antioxidants than regularly brewed green tea.
